

# Why We Reject Land Forces

## ***Weapons Destroy Communities and Planet.***

Militaries and companies need weapons to take people's lands. To cut down entire forests, and destroy whole ecosystems with mining.

## ***Weapons Use Public Wealth for Private Profit.***

This is our money. We need it for health, education, and climate repair.

## ***Weapons Target Us.***

These tools of surveillance and violence are used to repress protest, here and around the world. Police are more militarised every year.

## ***Weapons Deals Embed Corruption.***

It's the most corrupt business on the planet. The bribes, fraud, and jobs for mates kills democracy and accountability.

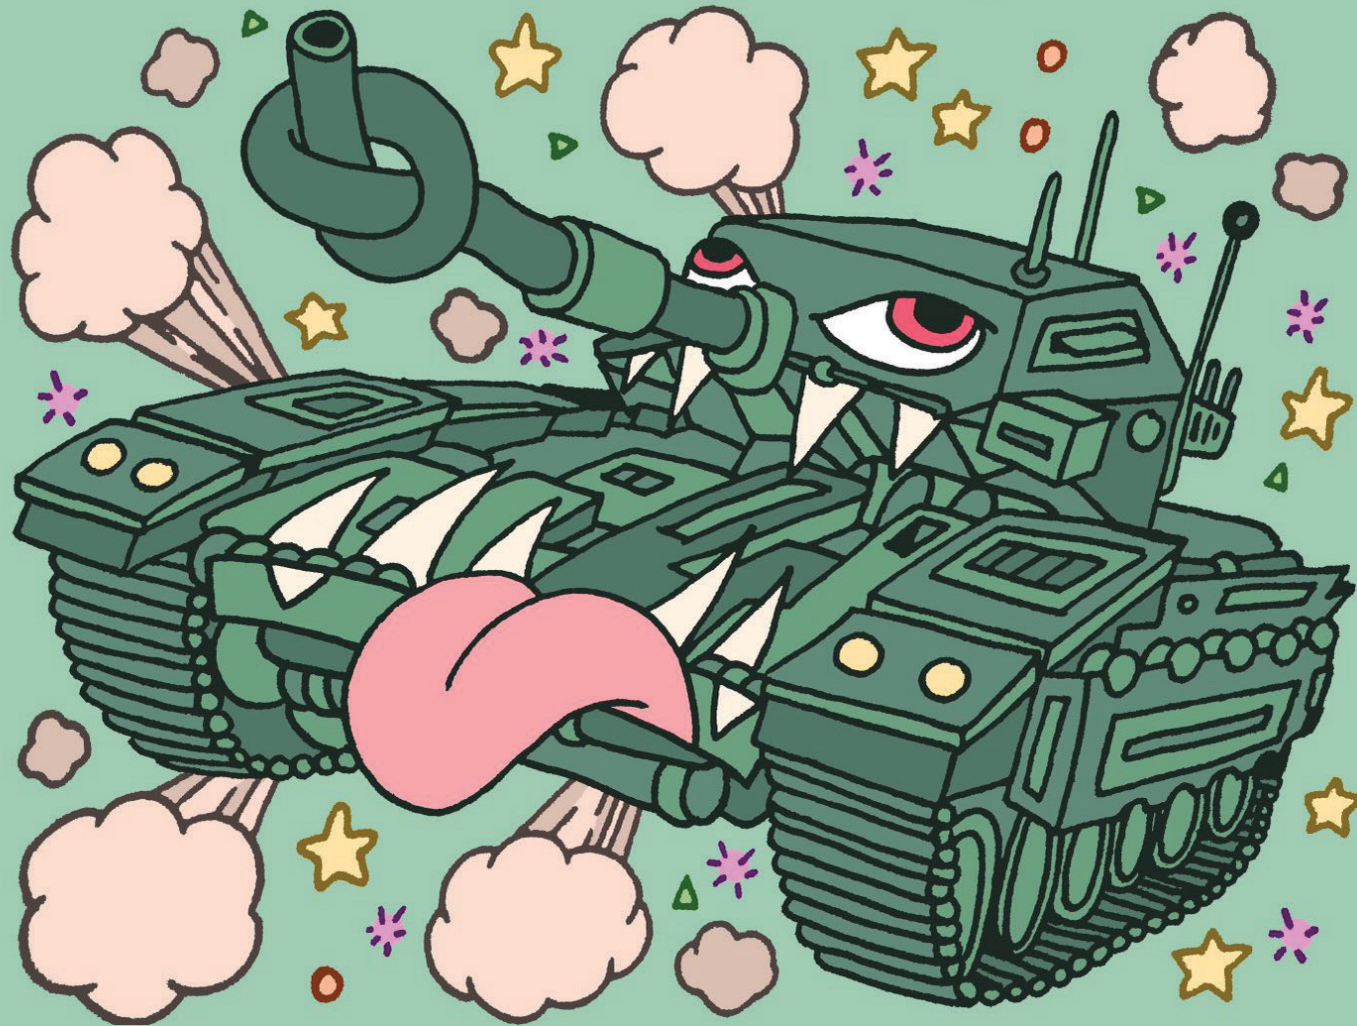

## ***War Creates Refugees and Famine.***

Forcing people to flee their homes. Destroying crops and livelihoods.

# Disrupt Land Forces 2024

Naarm, September 8-15

[DisruptLandForces.org](http://DisruptLandForces.org)

**Weapons out of Naarm!**

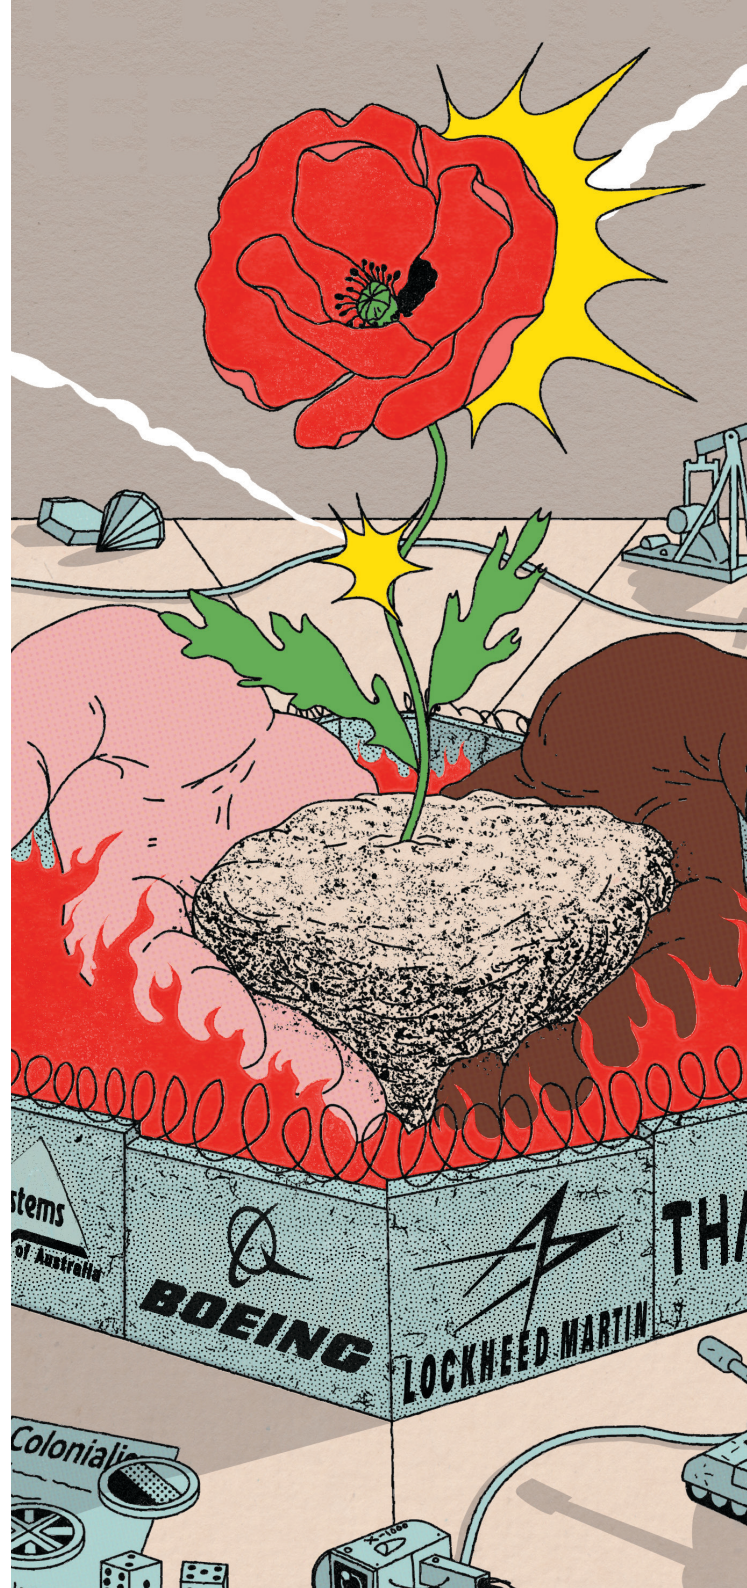

# What is **Land forces**?

From the 11th to the 13th of September the richest weapons companies in the world will gather at the *Melbourne Expo Centre* to make billion dollar deals under the guise of peacemaking, funded with our tax money and sponsored by the Victorian Government.

## Where are these weapons used?

On Gaza. On West Papua. On Yuendumu. On Western Sahara. On the Philippines. On First Nations lands and peoples, here and world-wide.

# We are **Disrupt** Land Forces.

*A collaboration of more than 50 organisations, united with many communities and countless individuals.*

## We demand:

**1.** An end to all weapons exports to ALL states, engaged in genocide and militarised repression.

**2.** A two-way arms embargo with the rogue state of Israel. No weapons, components, munitions, or surveillance technology.

*The ICJ makes clear supplying weapons for genocide in Gaza is illegal. Australia is breaking international law.*

## Anyone can join our **Festival of Resistance!**

We have **two** core values:

- No harm to life
- Respect other actionists
